Multimedia Department Senior Exhibition

“What the fuck is Multimedia?”

“I dunno dude, I just make websites.”

“That’s cool, I need a website.”

“I would love to help, but I’m busy sewing underwear for this video installation thing I am putting together.”

“That’s cool, that’s cool, so where is your show?”

“Vox.”

“What!? How the fuck did you get your show at Vox.”

“I’m cousins with Eddie Murphy.”

“The ‘Eddie Murphy’?”

“Yep.”

“That’s fucked up.”

“Well hey - you should check out my website if you get the chance.”

“Sure thing, I steal wireless from my neighbor so when

I get home…”

“Nice, well, see you at the after party.”
